**2023 RCYA RAFFLE  
FUNDRAISER**

The Wyndham Reef Resort Grand Cayman is located on the east end of Grand Cayman, approximately 45 minutes from the Owen Roberts International Airport. A car can be rented at the airport, or a shuttle can be arranged through the resort in advance. (There may be a cost to this service, so be sure to ask when scheduling your ride.) Please note that Uber and Lyft are not available on the Cayman Islands due to local government regulations.

The available unit is a beachfront two bedroom condo with two full bathrooms, a kitchenette, and a family room. The family room has 2 Murphy beds, allowing the suite to accommodate a maximum of 6 guests.

There are several dining options at the Wyndham as well as at a neighboring resort, and you can opt to purchase an all-inclusive meal package if desired.

Alternatively, a small convenience store is located across the street, and larger grocery stores are available near the airport if you prefer to shop and cook.

Additional resort amenities include room service, concierge service, three swimming pools, hot tub, spa, fully-equipped fitness center, kayaking, snorkeling, weekly resort activities, nightly entertainment, and more.
